# Subject: Profin's New 24-Hour Fast Track Service

Do you need a high-quality, low-cost protective metal finish on your goods? And fast?

Here at **Profin** Protective Finishing, we're always thinking about how we can help our clients, which is why we're now offering a 24-Hour Fast Track Service.

Our standard turnaround is typically 72-96 hours, but for just 10% on top of your job quote, we can offer you a range of customised finishes on your goods and have them delivered to your business **the next day**.

All we need from you are:

- Details of the finish you require.
- Batch size and volumes.
- Any automotive or industry-specific requirements.
- Drawings or samples of the parts (we have an in-house 3D printing service, meaning we can offer the best pricing on smaller parts).

If you're still unsure and want expert advice from our friendly staff, call us on [01527524126](tel:01527524126), e-mail us at [sales@profingroup.co.uk](mailto:sales@profingroup.co.uk), or visit <https://www.profingroup.co.uk>
